Since 1999, Winebow has served the state of Florida with an unmatched level of experience and knowledge in importing and wholesale distribution of fine wine and spirits. By bringing together best practices and resources in our company, Winebow’s financial strength, operational expertise, extended reach, and focus on education provide a unique platform and an unparalleled level of service in the fine wine and spirits sector.

With a distribution network in 19 markets that comprise 65% of all U.S. wine consumption, including 8 of the top 10 consuming markets, Winebow strives to be the best partner to its customers and suppliers, and to inspire a passion for fine wine and spirits nationwide.

Our comprehensive portfolio is hand-selected to meet the market’s needs. We represent some of the most established, family-owned properties, as well as a new generation of winemakers and distillers who are dedicated to innovation and quality. Their stories are unique and diverse, their approach is hands-on, and some have family histories dating back for generations.

We are proud to preserve our import and domestic shipments in 100% temperature-controlled conditions from country of origin to our customers. Our temperature-controlled warehouse and delivery vehicles ensure product quality is maintained. *We offer flexible ordering hours with a late 5pm order cutoff, no broken case or bottle fees, no delivery charge which encompasses the entire state of Florida.*

Through the integration of knowledge, scale and operational excellence, Winebow has created an unprecedented organization for fine wine and spirits beverage distribution. We hold the words “customer service” in very high regard and our value proposition remains in the quality of our sales consultants who boast an average of over 15 years of industry expertise; the dynamic portfolio we represent; and our dedication to earning your business!
